# Quadros Mysterious On Cuba-U.S. Position

RIO DE JANEIRO, Brazil, May 4 (AP) — President Osvaldo Dorticos of Cuba has asked Brazil's President Janio Quadros to do what he can "to prevent the United States from repeating criminal aggressions against Cuba."

Quadros has replied: "My government will always be ready for harmony among the countries of our hemisphere, for the benefit of peace and prosperity of the Americas and of the world."

What does this mean?

**Fence-Straddling**

It appears that Brazil — one of Latin America's important countries from which the United States is reported seeking support for collective action against Cuba — is still sitting on the fence on the Cuban affair.

The Quadros-Dorticos exchange of messages was disclosed after Cuban Prime Minister Fidel Castro proclaimed Cuba a Socialist Republic and the United States called it a member of the Soviet bloc.

In the message to Quadros, Dorticos gave assurances that the prisoners taken during the ill-fated invasion of Cuba two weeks ago would be given the right to "serene justice, without any spirit of vengeance."

Quadros had asked that they be granted rights bestowed by international law.

Dorticos told Quadros that the United States was directly responsible for the invasion and requested that Quadros take "actions and measures you feel pertinent to impede further similar or worse criminal aggressions against Cuba..."

Quadros' reply indicated that he does not see the Cuban crisis the same way the United States does, that is, as a case for collective action by the Latin American nations.

Quadros is said to be maintaining that the Cuba-U.S. dispute is one between those two nations and should be settled by those two nations by negotiation.

# After 28 Days Back In Free World, McCann, 60, Succumbs To Cancer

MANILA, May 4 (UPI) — Robert E. McCann, 60, an American businessman who spent 10 years in a Communist Chinese prison on espionage charges, died of cancer today at the Clark Air Base hospital in Luzon, the U.S. Air Force reported.

Death came to McCann just 28 days after he was carried into the free world on a stretcher after being released by his Red Chinese captors.

The Communists cut short his prison term for what they described as "humanitarian" reasons after it was discovered last January that he had rapidly spreading cancer.

McCann's wife went into Communist China early in April and brought him out to Hong Kong.

He was flown from Hong Kong to the Philippines, where he lingered in semi-consciousness until the end.

McCann, of Altadena, Calif., was released from Tientsin prison in north China April 3 after serving 10 years of a 15-year prison term on charges of spying for the United States.

His son and two daughters flew to the Philippines to see him before his death.

# Rusk Will Attend NATO Meet To Explain Kennedy's Policies

WASHINGTON, May 4 (UPI) — Secretary of State Dean Rusk will explain the policies of the Kennedy administration toward NATO when the foreign ministers of the 15-nation alliance meet in Oslo next week.

U.S. officials said today Rusk considers a full interpretation of Kennedy policies and the establishing of his first personal contacts with his Western European colleagues as his two most important tasks at the Oslo meeting.

The conference is expected to hold formal sessions on Monday, Tuesday and Wednesday.

According to U.S. officials, the agenda of the Oslo meeting includes no problems of overriding or immediate urgency.

These officials said the tentative list of subjects to be discussed includes these items:

- The present international situation, with special reference to such trouble spots as Laos, Cuba, Berlin and Africa;
- NATO long-term planning in the military, political and economic fields;
- NATO's consultative machinery;
- Psychological warfare;
- Civil defense;
- Disarmament;
- The economic problems of less developed countries such as Greece and Turkey.

One important item notably absent from the tentative agenda is the idea of giving NATO a strategic nuclear deterrent of its own.

Officials here said this subject probably would not be discussed because it is under consideration in the permanent NATO council in Paris.
