UN Deals With Cuba, Congo, Latin N-Zone

son conferred late Monday with Thant on how to resolve the problem posed by Katanga's continued secession from the Congo. The two met shortly before the scheduled return from the Congo of Robert K. A. Gardiner of Ghana, Thant's chief officer in charge of the Congo operation. The meeting came three days after Thant saw George C. McGhee, U.S. Undersecretary of State for Political Affairs, who had returned to the U.S. after conferences over the Congo with European political leaders.

The Assembly's Trusteeship Committee approved 96-0 a resolution calling for establishment of a UN "presence" in South West Africa as a first step toward independence. Portugal cast the only abstention. South Africa did not participate in the ballot and 12 nations were absent. The resolution asks Thant to appoint a resident UN technical assistance representative for the territory ruled by South Africa under an old League of Nations mandate.

for any dialogue between Roman Catholics and Protestants.

He said it was a matter of choosing between two different schools of Roman Catholic Theology — one of which would have the effect of making dialogue easier by adopting an approach more understandable to other churches.

Observers interpreted today's developments to mean that the draft decree introduced last week by Cardinal Alfredo Ottaviani, secretary of the Vatican's Supreme Congregation of the Holy Office, had in fact failed to obtain a real confidence vote from the assembly.

Minuteman Successful

CAPE CANAVERAL, Fla., Nov. 20 (AP) — A U.S. Minuteman missile of the type plagued in recent months by guidance problems, was launched from an underground silo on a successful test flight of about 4,000 miles Monday. The Air Force reported the intercontinental range missile performed as planned on a flight down the Atlantic missile range.

"there will be peace in the Caribbean," the President added.

He said there was not any attempt to invade the island of Cuba, but there still would be no attempt by the U.S. to prevent efforts to remove the Castro government.

Kennedy said he and Khrushchev had exchanged "several messages" in the correspondence over Cuba, the last one "several hours ago" indicating that the IL-28 bombers would be removed.

He said the subject of verification of arms was one of the topics discussed in the exchange. As far as the negotiations going on in New York between the United States and Russia, the President said "We have confined ourselves to Cuba" and no other subject has been discussed.

Ear, Girl Reunited

BELGRADE, Nov. 20 (AP) — Hamdija Kalist, 12, hears perfectly today with the ear a horse bit off. It was missing after the mishap, but Hamdija's father returned to the scene, found it, and rushed it to Dr. Gavor of Skoplje, who successfully replaced it on the girl's head, says Politka, of Belgrade.

party, the Free Democratic, which has been the smaller member of the year-old coalition.

The Christian Democratic leadership described the ministers' resignation offer as designed to provide Adenauer with a free hand to deal with the situation, which possibly could lead to his own downfall.

Now he will be able to reshuffle his cabinet in an effort to restore peace between the coalition partners.

The question still hanging is whether this will mean forcing Strauss out of office.

The five Free Democratic cabinet ministers yesterday submitted their resignations en masse in an attempt to bring this about. Strauss has brought down widespread blame upon himself for his part in the treason action against the Spiegel, a weekly news magazine.

China To Stops Fighting

sals of Oct. 24.

These proposals have already been rejected by the Indian government. The statement pointed out that after withdrawing "the Chinese frontier guards will be far behind their positions prior to Sept. 8, 1962.

The statement said, "provided that the Indian government agreed to take corresponding measures, the Indian and Chinese governments can immediately appoint officials to be at places agreed upon by both parties in the various sectors of the border to discuss matters relating to the withdrawal of the armed forces of each party to form a demilitarized zone, the establishment of check posts by each party on its side of the line of actual control as well as the return of captured personnel."

It said that when the results of these talks had been put into effect, Nehru and Chou-En-Lai could meet either here or in New Delhi to reach an overall agreement on the border question.

The statement said: "The Chinese government reserves the right to strike back in self-defense, and the Indian government will be held completely responsible for all the grave consequences arising there from."

The 2,00-word statement again accused India of provoking the border war.

INDIA DENOUNCES ORDER

TOKYO, Nov. 20 (AP) — India quickly denounced the Peking move as treachery. The Chinese statement had indicated that Peking's orders would be carried out no matter what the Indian reaction. It was not immediately known what effect the Indian statement would have.

U.S. ASSESSING MOVE

WASHINGTON, Nov. 20 (AP) — President Kennedy said Tuesday night that the United States is assessing the Communist Chinese announcement of a cease fire in the Indian border fighting and a diplomatic team is leaving Wednesday for India. Averell Harriman will head the team.

persistence of the Atlantic high pressure zone has brought one storm after another—and it shows no sign of moving.

Lotito expects cold air masses and damp weather to continue in the Mediterranean area, with a gradual return to normal as the high pressure zone begins to shift. The outlook for November is unsettled.
