LEND ME YOUR EARS:

Ex-Diplomat To Have 1st Italy Art Show Here

A FORMER FOREIGN SERVICE OFFICER in the U.S. Information Agency, who gave up his diplomatic career to paint, will open a one-man show in Rome Monday evening. He is American artist Vincent Bruno, who will present 20 oil paintings — in his first exhibit in Italy — at the Cassapanca Gallery, at 107 a Via del Babuino. The paintings include scenes of Rome and other Italian cities, studies of people and still lifes, all executed during his past year's residence in Rome.

Bruno left the foreign service in 1955 to devote himself solely to painting. Prior to that time, he had served with USIA as cultural officer in Seoul, Korea, and as public affairs officer in Algiers. Born in New York of Italian origin, Bruno holds a philosophy of art degree from Kenyon College, Ohio, and a diploma from the Julian Academy in Paris and has been a member of the fine arts department of New York's Colgate University.

Other Rome art notes: Another Monday opening will be an exhibit of oils by the Cesena realist painter Alberto Sogli, presented by Odyssea Skouras at her Odyssea Gallery on Via Liguria. After having been away from Rome three years, traveling in Brazil, Paraguay, Bolivia, Mexico and the U.S., famed Italian artist Aldo Pagliacci is showing new works — mostly inspired by these countries — at the Schneider Gallery. Pagliacci's current visit in Rome is to be short-lived; in ten days or so he and his American-born wife Stephanie return to their home at Forio d'Ischia. Oils and "graffiti" by Federico Righi are being shown by Irene Brin and Gaspero Del Corso at their Obelisco Gallery on Via Sistina. . . . and the noted abstractions by Bice Lazari have been put on view at La Salita Gallery off Piazza di Spagna.

Algiers Chiefs 'Bitter,' Ask Continued Vigil

ALGIERS, June 2 (AP)—Leaders of insurgent Algeria today called for continued vigilance while an increasing feeling of bitterness built up in the movement de Gaulle back to power.

It was obvious that the word "vigilance" repeated in official statements meant more than watchful waiting.

Although officially maintaining silence, junta members privately expressed bitterness at the composition of the De Gaulle Cabinet which did not include any of the men who spearheaded the May 13 revolt here.

Crowd Gathers

Feeling was clearly reflected to night by a crowd of 4,000 which gathered in front of the hilltop government building for the 21st consecutive demonstration.

The crowd wildly cheered junta leaders but responded comparatively weakly to the cheers of "Vive De Gaulle."

Jacques Soustelle, the political strong man of the Algerian revolt told the crowd from the balcony:

Stand Unchanged

"Our objective has not changed... yesterday was a great step but we must remember that De Gaulle's government has not yet been completely installed."

His implication appeared to be that there will be changes in the De Gaulle government. "This feeling was also voiced privately by a number of members of the Algerian Committee of Public Safety."

An official spokesman told a news conference that De Gaulle's visit here on Wednesday will be "just as important as May 13" when the junta took over power in Algeria in defiance of Paris.

FLN MEETS IN CAIRO

CAIRO, June 2 (UPI)—A spokesman of the FLN Algerian independence movement declared today "our war of liberation will continue" against France and Gen. Charles De Gaulle can do nothing to stop it.

The statement was issued in the midst of intensive meetings of the FLN high command here to decide the militant organization's strategy in the face of the Algerian takeover by French generals and settlers and De Gaulle's rise to power in France.

Leaders of the underground organization hurried here during the weekend after events in Tunisia made their operations there unsafe.

American Vanishes Aboard Swiss Ship

WASHINGTON, June 2 (AP)—U.S. Congressman Robert W. Kean (R., N.J.) began efforts today to help locate a New Jersey merchant who vanished after sailing for Europe nearly two weeks ago.

William Becherer, 65, of Irvington, N.J., was last seen May 21 as he boarded the Swiss-registry liner Arosa Sky in New York. His wife, Marie, and daughter, Mrs. Margaret Tully, saw him off.

Five days later, the travel agency which booked Becherer's passage notified his wife that the New Jersey man could not be located aboard the ship. The liner docked at Bremerhaven last Friday.

Czech Plane Is Hi-Jacked, Lands In West

VIENNA, June 2 (AP)—Two passengers with drawn pistols today forced the pilot of a two-engine Czech Airlines plane to leave his course and land at Vienna's Aspern Airport.

The plane carried only three passengers, one a woman.

It was believed the plane started from Prague, capital of Communist-ruled Czechoslovakia.

Austrian police rushed to the scene to investigate. They said the two male passengers were asking political asylum here.

Aspern is Vienna's prewar airport for which commercial traffic has been removed. It is now used mainly by sports planes.

A police official gave the profession of the two refugees as a former manufacturer and a car mechanic.

The Czechs, the police said, have been taken into police custody for further questioning. The plane is under police protection.

Tank Car Blast Ruins U.S. Town

MOUNT PULASKI, Ill., June 2 (AP)—The shattering explosion of a railroad tank car spread devastation through this town of 1,500 persons yesterday, leaving some 1,000 temporarily homeless.

Two railroad crewmen were killed and one was injured seriously in the blast.

More than a score of persons were injured by flying glass and debris. None was reported in serious condition.

Damage was estimated by town and Civil Defense officials at one million dollars. Officials said a survey indicated two-thirds of the town's homes were damaged and not immediately habitable.

Teenagers Charged In Youth's Murder

NEW YORK, June 2 (AP)—Four Italian-American members of a teen-age gang are accused of the unprovoked slaying of a young Cuban as he sat with a girl on a park bench.

Police said the gang went to the East Harlem Park to beat up persons of Spanish origin.

Julio Ramos, 23, here less than a year, was beaten with heavy slats torn from park benches, a wire trash basket and a broken half-gallon bottle. Then he was kicked unconscious. The girl was slightly injured. Ramos died in a hospital Saturday.

U.S. Traffic Toll Hits 356, Nears Holiday Record

NEW YORK, June 2 (AP)—America's traffic deaths in the long Memorial Day weekend surpassed the pre-holiday estimate of 350.

Late reports of deaths on the highways may boost the total past the record high total of 369 reported in a three-day Memorial Day weekend in 1955.

The latest figures, covering a 78-hour period to midnight yesterday, showed 356 persons were killed in motor vehicle accidents.

In other violent deaths during the holiday weekend, 124 persons drowned and 87 others were killed in miscellaneous type accidents, an overall total of 367.

Explorer III May Plunge Down Soon

CAMBRIDGE, Mass., June 2 (UPI)—America's third artificial satellite, Explorer III, may fall to earth late this month, Smithsonian astrophysical observatory said yesterday.

The death of Explorer III was predicted for late June in an observatory statement saying its earth-rocker likely will make its death plunge next autumn, or winter, probably in November.

Smithsonian said that Explorer I is expected to stay aloft for several more years and that Explorer II may orbit more than a century.

Japanese Diplomat Says Cases Dispatched To Bern For Mussolini

By United Press International

The former Japanese ambassador to Fascist Italy was quoted in a Rome newspaper yesterday as saying he sent several cases containing "personal effects" of Mussolini to Switzerland near the end of the war but denied any knowledge of a "fabulous treasure."

Raffaello Guzman, special correspondent in Tokyo for the Italian newspaper Il Tempo, quoted the former ambassador Shinroku Hidaka as saying that in the spring of 1944 Mussolini asked him to send several cases of "personal effects" to the Japanese Embassy in Switzerland for safe keeping.

Contents Unknown

Hidaka was quoted as saying that the cases were sent and that was the last he heard of them. He said, according to the newspaper, that he did not know what the cases contained.

No trace of the alleged treasure had been found.

Hidaka was quoted as saying that he dispatched the cases Mussolini had entrusted to the late Japanese ambassador in Bern.

What happened to the cases was never learned, Hidaka was quoted as saying.
